“ Crystal; What a lady she was, she had a lot of knowledge that she shared with me and I will miss all the times that we spent going grocery shopping together.
She had such a zest for life, and a funny side to her that she did not share with just anyone, and I am so grateful that I was able to know her. I will truly miss her.

“Crystal, you have been gone from my life for nine days now, but not a second goes by that you are not in my thoughts. I miss you so much. I miss your laugh and humor most of all, I miss your excitement for life, I miss your smile and your mischief side, I miss your wisdom and love. I do not know what I am to do without you! We talked every Sunday, Wednesday, Thursday...., I went to the grocery store today, found myself looking for things you would like and looking at the expiration date! Funny, I always thought that yours would outlive mine! I hope I do not let you down. Thank you for giving me friendships that loved you as well as me. We will see each other in a few years. Until then, I hope I can love life as much as you taught me to. I LOVE YOU! I MISS YOU! And Crystal, you better be doing good and not running God to crazy! I bet you are driving with the top down now my love! I love you! Jill

“ *Crystal was a fantastic lady, friend, and neighbor. I will never forget the morning I wrecked my car on the way to work. The tow truck dropped me off at the house, and as I walked in the house the phone rang. It was Crystal calling to see if I was alright. She was a very sweet and caring woman. I am very sorry for your loss. I wish I would have known, so I could have attended the service.*
