“ Annie and I grew up together in Ft. Recovery Ohio. We were best friends all through school and throughout the years. We confided in each other during troubled times in our lives. She was a God send for me. I've never seen her happier as she was when she met and married Dave! She was lost when he passed. I am going to miss her so much, our visits, having a few drinks together and just chatting about old times and all the fun we had. You're where you want to be, in heaven with Dave, and for that I am happy for you.

“ The thing I remember most about Annie was how she loved her family. She was a fierce supporter of those she loved. She was small in size but didn't take crap from anyone. In fact my ring tone for her is the song that says, "I'm about to kick somebody's ass, oh I'm about to kick somebody's ass."😂 She always had an ear when you needed to vent & would just take you for a ride to get your mind off things or out for a stiff drink if it was really needed! She was a real force & influence in my life. Even when I was no longer in the family to her I was still family & a friend. Missing her so much. All my love to her brother Pat & the rest of the family & friends.
