“ *I am sure going to miss our jokester of the family. He had such a kind heart, and he always loved his family so much. I always considered Art just like my dad, because him and I had a great relationship and we always picked on each other. He would always say to me I love you just like you were my daughter.
Dad, I will miss you dearly but you are no longer suffering and you are walking the streets of gold. You received your lovely wings and now you are flying high with the angels.
Love you Dad
