“ Two weeks ago we picked out my new car together at Grote and drove it off the lot then went back to her house and we're laughing in her kitchen talking and carrying on. I hugged her before I left and for that I am thankful for. I never thought it would be last time I seen her. She died two days later. I remember her  
Moms words in the parking lot before I left that she needed me.

Ashley always made me the best homemade smoothies! She was kind, giving, and so inspirational. Touching so many lives with her heart. And no matter what she was always there when I needed her.

Now she's gone. I'm beyond devastated each day that has went by I cry and can't wrap my mind around this.  
She's gone way too soon.  
She was only 30 years old.

I love you Ash! And I'm going to miss you so so much girl. Your with god now and that beautiful baby of yours.  
Until we meet again.

“ Last Christmas, my ex had just gotten busted for cheating on me for 3 months. Because I was upset, he starting becoming violent, breaking my stuff, the kids presents, and demanding I leave. She was the first person in my phone contacts, and she picked up first ring. She came and got me, she let me into her home, she let me cry on her shoulder, and spend Christmas with her and her family. She was amazing to my kiddos, especially my sweet Kalirae. I can't believe she's gone. The world is less bright without her here. 💔
