“ John and I grew up together and I have known Bernice for over 60 years. She was a real good friend and a free spirit. The memory in recent years was Bernice a few years ago couldn't care for her flower gardens anymore and if you know Bernice there weren't very many flowers she didn't like. I told her we really needed to start over and when we removed the old flower beds she cried. When we installed the new flower beds she also cried because she could spend her latter years sitting on her front porch enjoying her flower gardens. She was a good friend and she will be missed!!

“ We may only be half-sisters, and known each other for 20 years, but you have been the best I could ever want or need. You were always there. We had a lot of good times in Rib Lake and at your house. I will always be in my heart and on my mind. I love you, Sis and will miss you every day. Till we meet again.

“ Bernice was a very good friend of mine. Thought of her often and visited her several times over the last years. I was in her first class when she started giving quilting lessons. That was 42 yrs ago and I'm still making quilts. She was a very talented lady. John, I pray your family will find peace with her passing. Lingerin is not a quality life. Betty Johnloz....

“ My mother Eileen Abbott was a friend of hers and I was privileged to visit Bernice one day to see her quilts at her home. I never dreamed that I would become a quilter and admired her quilts very much. Then Bernice and my Mom were at the Heritage together and I was able to visit her frequently. I now own some of her fabric. She loved to come in and watch the ladies make little dresses that was made from her fabric that was sent overseas made by the ladies at the Heritage.
