“ I remember working with Betty back in the late 1970s at The Lincoln National Life Insurance Company. We both reported in to Ken Hobson. What a pleasure it was working with Betty. She was always very pleasant and had a smile for all. With love, Cindy Rose, Lincoln Life.

“ I came to know Mrs. Shalley at the Nazarene Church several years ago. She had such a direct and forthright personality, and I enjoyed our conversations very much. She made me laugh so many times.

*She loved her hats and looked so cute in them. She was very brave and had such a good attitude, making the most of her life as her health deteriorated. I miss her.*

“ *Where do I start? Betty was another Grandmother to my children. I met Betty 31 years ago. We moved in to our house that was at the back of her yard. She came out to feed her dog and she introduced herself over the fence. She was the only one who did that.... People just don't do that any more. Betty was one in a million! We hung out a lot after her husband passed away. We went for lunch, for coffee, even though there was 40 years difference in age she was one awesome lady! She kept up on the times and rolled with everything that was thrown at her.*

*Some people knew her as the dog lady. (We had that in common also.) I however*
