*Grandma,
God looked around his garden and saw an empty space
Then he looked down on this earth and saw your tired face
He wrapped his arms around you and lifted you to rest
God's garden must be beautiful
Because he only takes the best.*

*We love you, we miss you, we're proud that you called us your own.
We rejoice in the end to your pain and suffering. Everytime we see a
butterfly...we'll feel your love wisp by and surround us.*

*Love,
Stefanie, Stephen, Belle and Ben*

“ *David & Cathie*

You are both in my thoughts and prayers during this difficult time. Betty was such a sweet and caring lady who always had a smile for you. I've missed our talks about the family and grandkids since leaving dialysis. So glad you two stopped at my house that day to visit, it was nice to see her smiling and laughing - I missed her terribly. David & Cathie you two were so great taking care of her and I know how she enjoyed having you both around even though you wouldn't let her do anything around the house like cleaning!! She had a special place in her heart for those great grandkids too, she was always talking about them and when they would come stay the weekend. Those are the moments to treasure and remember of her enjoying her family. David it was great spending time with you at the hospital that day, I just wish I could of visited longer with Betty before they took her down for her procedure. I hope one day my children are as good to me as you two were to her, you both are a blessing and a wonderful family that I'm so glad I had the privilege of getting to know. Please let me know if there is anything I can do, I know she is up there enjoying her time with Jewel once again.

Love

Jennifer
