“ Brian was my cousin and as children, he and my two sisters and I would all play together! I dearly loved Uncle Glenn and Aunt Carolyn! My mother and Carolyn are sisters and the two families got together often.

When I was around 4 or 5, Brian tried to ride my tiny tricycle....which of course he broke and I cried!! Yes he was in trouble! When I got up the next morning a big old trike was on our front porch. It had been Brian's, but his being older than me, he had out grown it. Uncle Glenn felt so bad, he cleaned up that old trike and brought it over as a surprise. Of course it was a little too big for me, but I grew into it and rode it for many years!

Time and life happened and we all lost touch, especially after Uncle Glenn died at an early age really! How I have missed him!!

I am so sad about Brian's passing! I loved him like a brother, even when time and distance separated us. My condolences to Josh and his family, and to Aunt Carolyn. I will honor Brian by keeping fond memories of him from our childhood!

(Brian if you could only read this now, I would remind you that you never did fix the broken window in my dad's barn from where you hit the softball through the window!!....about 52 or more years ago!!!)

Sad to hear about cousin Brian.
He, my brother and I was tight as thieves for much of our younger days.

I went to school with both Brian, and Dick Boxell. If I remember correctly, Dick lived just down the road from Lancaster School.
