But you dropped that trailer in the spot in a few seconds. We were smokey and the bandit. Missing you is hard but loving you is easy. When the buzzer sounded and we had won the game we jumped up and down in each other's arms laughing and smiling. I'll never forget it. It was pure joy. I love you Chad. It was ate up. it would bark when I drove it and you said you had it up on 4 wheels. Then I remember you would write songs about the truck and leave the note in the truck so I could see it the next day. I miss you so much time goes by and it hurts you were the best. no one could ever come close to being as good of a person as you were. I love you for an eternity. “ I miss you Chad so much. Your Birthday was hard, but it is hard everyday without you. Your little girl Nevaeh came to your grave on your birthday and brought you flowers and a Happy Birthday banner. She misses you so much. I know this has been so hard on her losing you her daddy. There are so many times I want to talk to you or just see your face and give you a hug and kisses. Life isnt and never will be the same again. When you left a huge hole is what is left of my heart. Oh Chad just know that you will never be forgotten. I will take my last breath still mourning you. Wish you were here . Love your aunt kim

“ I was just talking to grandma Nancy today Chad. I brought the brown Nissan back to her. That is your car. I cried all the way to her house. I found one of you check stubs from your job in the car and I have your metal clipboard I opened it up and your CDL physical was in there I just cried Your mom gave me a picture of you that is my favorite. It is so hard without you Chad. There will probably be lots of things Ill find that will remind of you. I miss you so much. Im sorry Chad I wish it was me that left this earth that day not you. You had so much more to give this life to be with you little girl. I have lived my life. You made me so proud . I will grieve you until forever or until I leave this earth The only hope I got is that GOD will bring you back to live forever. Still hurts so bad that your not here. Ill be out to visit you soon Love you Chad. aunt kim

I miss you. It just seems to get harder than better. I guess it is because I haven't seen you in so long. Then I never got the chance to tell you how much I love you before you left this earth. Life for me will never be the same. Today is my anniversary Chad 15 years. Doesn't seem that long nothing ever does. you have been gone almost 2 years in November, It seems like yesterday.Im trying Chad, But you would grieve me.like I grieve you.Everyday that passes I wish you were here there was so much more to do. Well maybe Chad we will get that chance to do all we wanted. You are already there I just have to try to make it there to. Love you Chad Aunt Kim

“ *Your brother misses you so much. He heard this song by Cole Seinfeld on the radio before the super bowl. He feels like you made sure he heard it. This song is you:)*

*It's perfect outside its like God let me dial up the weather
Got the whole crew here, I ain't seen some of them in forever.
It's one of those never forget it, better stop and take it in kinda
scenes.*

Everything's just right yeah except for one thing.

*You should be here, standing with your arm around me here.
Cutting up, cracking a cold beer, saying cheers, hey y'all it's sure
been a good year.
It's one of those moments, that's got your name written all over it.
And you know that if I had just one wish it'd be that you didn't have
to miss this
You should be here.*

*You'd be taking way too many pictures on your phone.
Showing them off to everybody that you know back home.
And even some you don't yeah
They say now you're in a better place
And I would be too if I could see your face.*

*You should be here, standing with your arm around me here.
Cutting up, cracking a cold beer, saying cheers, hey y'all it's sure
been a good year.
It's one of those moments, that's got your name written all over it.
And you know that if I had just one wish it'd be that you didn't have
to miss this.
Aw you should be here.*

*You'd be loving this, you'd be freaking out, you'd be smiling, yeah
I know you'd be all about what's going on right here right now.
God I wish somehow you could be here.*

Oh you should be here.

Yeah this is one of those moments that's got your name written all over it

And you know that if I have just one with it'd be that you didn't have to miss this.

Aw you should be here.

You should be here.

“ Went out to your grave today the wind had knocked over the glass vase of the flowers I made for you. Things were blown all over the place. Chad I miss you so much. Im having a hard time in my life you were one person I could take to. I don't know where my life is going it is at a stand still. I have no idea how to cope anymore. Remember the day you told me to get some help with my problems. Well Chad I think I will. Just to much to take. I have always had depression but this has devastated me beyond repair. My life fell apart when you died and it just continues to effect every aspect of my being. You are so loved and there will never be a loyalty like yours. I miss that quality in you. We shared a loyalty with each other I miss that. Noone will ever be as loyal as you were. Kindness, Understanding, funny and loyal that is Chad William Larkey. Love you from Aunt Kim

I miss your silly personality. I miss everything about you. You are the greatest nephew I could of asked for . Thank you Chad for all the good times and wonderful memories. The world lost a great person. Chad you were one of a kind. The loss of you is killing me. Im trying Chad so hard. Life is not ever going to be the same. I hope Jehovah grants me my wish to be in that new system Where maybe I can be at your grave when Jesus call your name to come out. I hope I am there Chad. Ill do all I can to see you again. And when your standing in front of me Im going to give you a kiss and a long hug. You will probably wonder what is going on. But I will tell you that we lost you in death but Jehovah has gave you back to us , so we can live forever in happiness and never have to cry tears of sorrow only joy. Then Chad your life will begin the way it was supposed to be. You will live forever in that wonderful new world free of pain and addiction and hurt I love you Chad. “ Dear Chad, I took a picture of you out to the graveyard. I waterproofed it so it will last over time. The last one just faded. But what was so amazing was that there were 7 deer at your grave. They let me approach and looked at me as they knew I was sad. They didn't run away they just walked then they turned around to look at me as if to say that it will be ok. That was the most heartwarming thing that I have ever seen. You have deer eyes I always thought that your eyes were so innocent and sweet. I love and miss you Chad. Dear Chad this is mom I went to see you today. I just cried thinking about how I should not be here..If I only knew you needed my help I would have been there and taken you to the hospital.And then maybe I would not be writing this now.I just want to hear your voice hug you tell you how much I love you.But I cant. So i'm telling You now.I love you chad I miss you every day>I wait for you to knock at the door or call me. But these things have been taken away. Oh chad my heart breaks every day.The tears are flowing now.I hate that you wont see vea grow up to be the beautiful women that she is going to be. And you will miss out on her first prom graduation giving her away in marriage. But know this son she loves you and you will be with her soon.Chad I am waiting to be with you.My life will not be complete till we are together again.Like i told you in the hospital you are my sunshine. And now my sunshine is gone. I love you my son. your the best son a mother could of had and father.So good bye for now I will see you soon. Love you always and forever mom.

“ Dear Chad,

I remember the time when we moved from Chicago to live with your parents. You were only two trailers down. You took care of our dog Bessy. I got to see Nevaeh every day. There was a moment where Penny and I were not getting along to the point I was thinking about moving back to Chicago. Vea was at school and I came to your trailer and bawled. I couldn't leave Vea. I cried to you Chad about how special she is to me. You began to cry too. How much you loved her. But it was a special moment for both of us. How much love we both have for Nevaeh, it brought us to tears.

Hope is all I have left Chad. It has been two months since I have seen her. I just don't understand how someone can be so cruel. I think about her every day and night. I can hear her calling my name, Juju Juju. Things would be so different if you were still with us. I just hope and pray that this will change.

Julie Carrico - November 01, 2015 at 01:44 AM

Julie I'm not being cruel, I just want all this childish stuff to stop. I hate keeping Nevaeh away from u guys, cause I know the she loves all of u so much and u guys all love her. That family needs to stop with all this crap and let this little girl be happy. I really do hate it and that's coming from the bottom of my heart!!

I agree we need to let you continue with your life. I will do anything for Vea to be in our lives. Just give us one more chance. I promise things will be better. I want Vea to be happy too, and I know it affects her when the family is not getting along. Please let this end, give us one more chance to be in her life. It hurts so much not seeing her.*

“ Dear Chad,

I pray every day that we will get to see Nevaeh again. It's Halloween this weekend and I don't even know what her costume is. For the past few years I have taken Vea trick or treating and this will be the first year I am not with her. Everyday it becomes harder and harder not seeing Vea. I cry every night. There is nothing I can do but pray. Chad your passing has been so hard on us, and not seeing your little girl just makes everything harder. I love her so much Chad. It hurts so bad not being able to talk to her, see her, hug her, kiss her sweet little face. If you were here things would be different. Tell Vea in her dreams that Aunt Juju loves her.

I will always remember how big of a heart you have. When I was first dating Joey I didn't have alot of money to spend on Christmas gifts for my family. I had to buy their presents from goodwill. You were so upset by this that you went and bought me a diamond bracelet that you said was from both you and Joey when in fact you bought it and it was your idea. It was the sweetest gift I ever received. I still have that bracelet and when Nevaeh gets old enough I am going to give it to her. That bracelet represents what an amazing person you were and how big your heart was. Watch over Vea. I hope to see her soon. Let her know that Aunt Juju loves her and she thinks about her every day. Another day has gone by that we haven't heard from your little angel Vea. Oh how much we miss her. She has your funny personality and big heart. I miss her cute laugh and her silly songs. Your baby was sick in the hospital awhile ago. I didn't go up to see her because I work until 8pm. I will regret this the rest of my life. I should have been there. All my love coming your way forever and always my dear Chad. I wish I would of been there for you when you needed me . The Lord has set you free of all this turmoil that we face on this earth, Now you have gained everlasting life that will never end. This is a promise that Jehovah will make due on. You just sleep for now and Jesus will command for you to come out of the tomb to be reunited with your family. Grandma Nancy will be there, Scottie and all the loved ones that we have lost. You will have true happiness that we never end all the former have past away. There will be no more pain sorrow or outcry anymore for the former things have passed away. Life without end. “ It's been awhile since Branden and I have seen you, but time has not changed the way we feel about you. We are saddened to lose another good friend way too soon. Every time we hear AC/DC we think of you and when we watch The Vikings. You are one of the only friends that visited us in CA. We took you to Vegas and had a blast! We never met your wife or kids but they should know they are in our thoughts and prayers. I'm sure you were a great husband and father. We also send our thoughts and prayers to Mike, Penny and Joey. We aren't able to physically be there today but please know that we are there in spirit. You will live in our hearts and minds forever.

“ *I just heard about this. Why do the good guys always go young. You were way too young to leave us. I am truly going to miss you, big guy. Who is going to "argue" with me about football, who is going to tell me the Ravens suck while the Vikings are awesome, who am I lovingly going to call "ugly" now?*

I am so sorry Andrea, Mike, Penny, and Joey. You had a great husband, son, and brother there. I would enjoy running into him, but lately it had been while I was working. He was always the comedian.

Goodbye Chad. I am really going to miss you!

“ Chad,

It's mom. I miss you so much. Part of my heart has been taken. What am I going to do without you. I will never hear your voice again or hold you in my arms. I need you right now to help me get through this. You always knew what mom was going through. I worried everyday of this dreadful event and now it has come true. I can't protect you from this evil world. But you are with Jehovah and soon he will call your name and you will come out of the grave. The wonderful hope which is called the resurrection. And I will try my hardest to be waiting for you. To hold you, to kiss you, and we will be happy in paradise. I know you are gone but in just a short time you will be with your family. I love you forever, my baby.

Mom.

“ Chad also was a great truck driver, he was so proud of his awards he received through Hiner Transport. Chad got first and second place in their rodeo. When I needed his help he was there for me at the drop of a hat. Chad was there for anyone who needed anything. To know him was to love him, his spirit was out of this world amazing and oh could he make you laugh, He would make up these crazy songs about anything. Chad was an amazing father and brother , grandson, nephew, cousin, husband and friend. I love you Chad and we will all miss you being here in our lives, but Chad you will live in our memories and our hearts for our lifetimes. With all my love sweet boy. Your aunt Kimmie

You will always live on in my mind and in my heart. I wish I could go back in time and spend one more day with you. The last time we spoke on the phone you told me you love me, you always told me that. There were times that I felt like you Nevaeh and Andrea were the only family I had, now i feel all alone. I can't even put in to words how much I am going miss you. I love you....Your little brother~Josh

“ Chad was my nephew, From the time he born he has held a special place in my heart. He had a strong spirit and he never knew a stranger. Chad loved people. He was so funny and would give you the shirt off his back. His laughter was contagious. He cared deeply for his family and friends. Chad loved people so much that even in death he was a organ donor so he could help others. The picture is wonderful of Chad that is how I want to remember my sweet baby boy, with a smile on his face and his hat on backwards. Chad was taken from us way to soon. Chad has everlasting life now which GOD has promised. Chads spirit will always be with me and I will miss him greatly. With all my love Your aunt Kimmie
