A lovely tribute to your dad. A dear friend and lots of fond memories. With so much evil in our world God chooses our good ones to come home to serve him. He is in a beautiful place. You will see him again and it will be glorious.

“ Jen, so sorry to hear about Dan. No words can express how you're feeling. We can only say that you are in our thoughts and prayers at this time. Lotta good memories with Dan from you and his family coming in and coming into the restaurant. To when he helped us out by working as a bartender. He will be missed, he definitely was one of the good guys.

“ Dan was a person who loved fireworks and his spouse Jennifer. He joined the Heartland Pyrotechnic Arts Association in January 2012. Every year he renewed his membership, Jennifer was included. Dan's military experience led him to taking charge at HPAA events, running for office and eventually becoming President. I remember the time at the Annual Meeting when the floor was open for nominations for President. The incumbent was stepping down. Dan was nominated from the floor, a hush fell over the room and after some thought, Dan stepped up. Dan was a leader. A person who could direct and get things done. As an accomplished grill master, Dan volunteered to cook. Not many HPAA members went hungry when Dan was manning the grill. In closing, the HPAA will miss Dan's voice, leadership and his love for fireworks.

“ *I've only known Dan and Jen a few years. We meet while camping with some other friends and soon came to know them. From the start Dan was always making conversation and yelling tales of his life from military to fireworks. I was truly in awe of all the things I learned about and from Dan. In the short amount of time I have known Dan he claimed a part in my heart and know that part missing. I am truly blessed to have known him and call him my friend. I am honored to be brought into the Huntington Fireworks crew by Dan. I wish we had more time together to get to know you better. I have all the memories of what we had and the stories I have and will here in days and years to come. Whenever I see lighting strike and hear thunder roll I pray that God that Dan is putting on one heck of a show for all of Heaven to see. Love you Dan and you are truly missed but never forgotten.*
