“ Always enjoyed talking to Dave about his garden and we would compare as to how each of our gardens were doing. I was always amazed that he started his corn inside and then transplanted them to the garden when it was warm enough. He made his famous mustard sauce for us to sell at the church bazaar and he was nice enough to share the recipe with me. I feel honored to have known him. Extending my deepest sympathy, fellow church member of Solid Rock UMC - Margaret Bentley.
