“ I met Denny when I started as the ACO for Huntington County. INSTANTLY, I respected, adored and loved him! My friend Jean Cain (Secretary to the Commissioners) was diagnosed with pancreatic cancer and Denny was the most supportive to her during her illness and her passing, I am sure they are both up there reuniting! I can truly say it was an honor to know Denny Mick!

“ Denny and I were neighbors on Byron St. when we were kids. We were students at John Tipton, and I was "in love" with him in second grade. I remember our moms talking on the phone about how cute that was. Oh, My! Time does fly. I am truly sorry about your family's loss. My best to all of you! Carol (Houser) Morgan

“ Our family will be praying for Kent & his family on the lost of a dear brother. We know Kent very well from Quilting and pray that God will help you all as you go through this time of sorrow and know that Denny is in a much better place than we are right now. God's blessings to all,

“ I had the pleasure of working with Denny for 10 years in the Huntington Countywide Community Development Department. Denny was such a wonderful person - always so calm and professional. I learned a great deal from Denny over the years. Denny was so very helpful to everyone and did his job in the most professional manner. I lost contact with Denny after I left Huntington but thought of him often and learned to appreciate even more his contributions to the Huntington Community. Denny's family should be so proud of the many things he did for Huntington. Denny will be missed.

“ As current President of the Indiana Association of Building Officials, it is with regret I offer condolences to the family of our friend. Professionally, Denny was a value to his community and worked in a quiet way to bring safety to the citizens he served. Further, and above the call of duty, Denny worked constantly to educate building inspectors across the state, and he benefited myself and many others in the sharing of his expertise and through organizing our Association's education program. As an educator, his legacy will be the continuing impact he had on so many professionals statewide, and it is my hope that though he will not be replaced in our memory, others will honor his memory by serving in the way he clearly demonstrated.

Personally, I thank Denny for his assistance in my career development, and for his example in how people should be treated. It is my continued pleasure to have known such a person as Denny Mick.
