“ I was very sad to hear this news. Although Dianne and I have not kept in touch since KRMS days when she was a "big kid" and I was a "little kid", she has remained an important part of my childhood memories and I will never forget that. She was my "big sister" when I first went to boarding school. I really don't know if she was assigned that duty or if she just took it upon herself to look after a little first grader. But, for whatever reason, she was my "go-to" when I needed anything. My best memories are of the times when she would come into my room after lights out when I would be crying from homesickness. She would rub my back and sing to me. Songs like, "on the good ship, lollipop" and others would cheer me up quickly. And it meant SO much to have somebody older to cling to when I felt so far from my mom and dad. Dianne was a positive influence on my young life and a role model to me and I will never forget what she meant to me, a scared and crying 6 year old.

“ I am very sorry for your loss of Diane; may God bless you all and give you His peace. She was my first roommate at boarding school in 1974, and we had a lot of fun together. And we occasionally got into trouble together, but these things happen. I have wonderful memories of being with her.

“ I am so sorry ... I was a neighbor, down the street when Diane and her family lived with grandpa betterly on Ruth street. We've not seen each other in many many years but I have thought of all of you many times. I have very fond memories of our friendship.
