“ *Eleanor was my first cousin whom I only met twice, as a child, and twice at family weddings as an adult. I would love to have known her and her sister, Margaret. We lived many states apart and as the youngest of cousins, our paths unfortunately seldom crossed. I am Virginia Allison Ingling, 3665 Textile Road, Ypsilanti, MI 48197-9008 (vinglin@comcast.net) if any family members would like to make contact. It would be very interesting to share some Family history. Wed have 'our' side of the Allison Family covered and would love to share with some of Uncle John's side!*
