“ Aunt Betty always sent me handwritten letters and notes through the years. Her occasional words were never expected and were always special. She always had a clever quote to share or a book to recommend. And her notes were so positive and quite often shared a hilarious story. In person she was one of the most real and down to earth people I have ever had the pleasure of knowing. I know I am not alone in this opinion. There are some great people in my life who have helped shape me and have acted as my pillars. They all held Aunt Betty in the highest regard. She was a pillar to me. A one of a kind. I will always hold her dear to my heart and remember her with the warmest remembrance.

“ Dear Mike , Ann & family, We are sorry to learn of your mother's passing. She will be in our memories of years ago, when she visited our backyard pool on summer afternoons along with several neighbors. Those were fun times. Also in memory are the many times she came to Janet's salon for hair care. Fun discussions there. May she rest in peace.
