“ Steve, Mick & Tim - We were sad to hear of your Mothers passing. She was a special lady who was so enjoyable to call family. I always appreciated her directness and perspective. Upon the birth our our first child (boy) she gave us a needle point of a young boy flying a kite and running with a puppy entitled "What could be better." We appreciated that gift for years and passed it along to another family who first child was a boy. I think that gift was reflection of her love for you three sons indicative of fond memories she held for each of you. Her life, is one that should be celebrated. She was a special lady that will be missed in many ways but not forgotten. -Rob & Laurie Raker

“ Steve, Mick, Tim and families:
I was so saddened to learn of your Mother's passing. She was always such a joy and positive influence in my life. I loved visiting with her these past few years and know she was most proud of you all. I have fond memories of being at your busy household when I was younger and will never forget the happy times when our whole families were together. I hope you find comfort in her life well lived. Wishing you the happiest of memories. My love to you all, Cathy S (Raker) Miller

“ *Fulton Family,
I heard of the passing of your Mother and just wanted to let you know my heart goes out to you. Steve and I were friends all through childhood and have lost touch since, but I still have fond memories of that time. Mr. and Mrs. Fulton were always kind and fun when ever I saw them...which since they were friends of my parents, was often.*

“ I have many Fulton family memories of your mother and father. Three places they lived. One was before you boys were born. Being the oldest cousin has some advantages. We are never ready to loose our parents regardless of age. My deep sympathy to you Tim, Mick and Steve. *Becky Hummer Parker*
