“Helen had so many trials in her life that she bravely conquered. She did enjoy her church and her associations and her work for all of them. She did like to be teased like if we would sit with her and tell how we was going to keep her under control. I could go on telling about her but she will never be replaced. She was strong-brave - hard working and very caring. Personally--I will miss sitting with her at the SCLC meetings. There was only one Helen! John Williamson

“ I want to give my condolences to the whole family. Some of you may remember me as we went to grade school together. Richard, it has been so long since I saw you but have lots of memories of our times together. I will certainly miss visiting with Helen on line since we had also attended the same grade school and she was always quick to offer prayers when I or my wife had medical issues and I considered her a true friend. I will surely miss her kindness and our online visits !

“ *We really enjoyed being neighbors at the lake. We shared the same birthday (different years) and often celebrated together. The three of us loved Liver and onions and she and Kenny made the best. Jim always had a hamburger or ribs. Such good memories! We will meet again one day with our precious Lord!*
