“ I have't seen Jamie since highschool, but will never forget him and his music. He always had a great sense of humor and was an amazing drummer. One thing that stands out is a memory from drumline and he had broken down the intro to "Hot for Teacher" into two parts, and showed me how simple it was (for him, maybe!). Great guy. RIP Jamie.

“ I am so saddened by this news. I remember how much i loved playing together when you would visit your grandparents a block down from my house.

As high school came around I was just a little too Country and you were a little too Rock and Roll... lol. Though we never had an opportunity to blend our talents in this world I will be looking forward to blending them in the next.

You were so very talented and the world is a better place because of you. You will be deeply missed and so fondly remembered.

With deepest sympathies,
