“ we miss you so much grandpa and with every second of every minute of every hour of everyday you are remember and the holidays are all remember by you, you are so loved and so missed , everyday is hard without you . and i know you aren't happy with how i turning out. im rarely ever happy , and if i am it's because it's temporary. my emotions just hide behind a fasad , because i dont want anyone knowing how much i miss you. when im home alone, i sit and cry. and think of all the things i could've done with you and should've done. but, i was to selfish to spend more time with you. you meant/mean everything to me . and i wish you could've taken better care of yourself. but things happen and you gotta move on . and yeah it hurts . but it's whats for the best. you are always remember and always loved i think of you every second of every day of my life. you are never going to be forgotten. we miss you so much and we love you so much. may you rest in peace . also happy 67th or 68th birthday, happy thanksgiving, merry christmas. i love you 💜  
sincerely your favorite grandchild dj
