“ I first met Karen when we worked together at the Remote Encoding Center (post office) in Fort Wayne many, many years ago. After that I would see her at Owens. She always smiled and spoke to me. She loved talking about her family. It's so sad that she has passed, but she has earned her heavenly home. Prayers for her family.

“ I had the pleasure of going to school with Karen in Meeker and our mothers worked together in the cafeteria. Karen always had a smile on her face and a mischievous grin. I have found memories of going on band trips with her. Karen was an inspiration to me over the past few years with all the things she was dealing with. I know she has left many awesome memories and will be greatly missed.

“ *I am so sad to see that Karen has passed. I am just an Owen's customer who asked her for help one day for something in the store and she was having a bad day and kind of was curt with me! I continued to shop but in a few minutes she hunted me down to apologize for her shortness with me. Telling me that she was having a bad day and she took it out on me. God bless her she let me know she was so human and I told her my day wasn't so hot either. From that day forward we always stopped and chatted about our days and just stuff. I knew she was on a cancer journey as she spoke of it often and from that day forward I have prayed for her every day. I am so sorry she has passed on. She always was so up beat about her health and I knew it was a true journey for her and not a fun one. My last memory of her was her visiting the store and telling everyone she would be gone for awhile in order to get better. I was glad to have picked that day to do my grocery shopping. I was lucky to have known such a wonderful person who cared about others. God bless you all. RIP Karen.*

“ *Sending prayers to each of you throughout these difficult days. Memories last a lifetime, and she made many memories with each of you. She loved her Mickey Mouse, Chicago Cubs, Dallas Cowboys, and most of all her loving family. She was so so proud of her family.*

I have so many memories of Karen over the years, and I am so thankful to have known her and worked with her as long as I did. She was a "special" caring lady. Even through all of her battles she continued to enjoy life with her family and friends, and continued to check in on those she didn't see until God called her home.

Karen has now gained her lovely angel wings and may she fly high on the mountain top.

*Until we meet again,
Love ya girl*

“ *The last time I was able to visit with Karen for a few minutes it was at Owen’s. I hadn’t seen her in a few years and she saw me, smiled so radiantly and hugged me with the firmest grip and longest embrace ever. She went out of her way to let me know that I was important to her. That’s how I’ll always remember Karen...a smile on her face, letting others know how much she valued them. She loved loudly, she had deep convictions and immovable faith and she impacted everyone who had the privilege to know her in a positive way! She was a bright light in the world!*

Mike, Damon, Justin and Annie, you are your mother’s legacy. In you, are all her hopes and dreams and proof that she lived and made a difference. She passed on a legacy of faith, hope, love and dreams and though you will miss her presence often, she is alive in you and through you. Blessings as you learn this new normal and come to terms with your grief and search for understanding!

“ Karen will be greatly missed by all who knew and loved her, but we rejoice that she is now in the loving arms of her Lord and Savior. Her grace in facing her illness is an example to all, as was her deep Faith.
