“ I knew Kelly for many years and always loved her smile and funny personality. I just learned about her death and am absolutely stunned and horrified. She was a wonderful woman.

“ I knew her a long time ago but what I appreciated most about her was her total devotion to her children and her family. Her kids were only a few years apart and I was amazed that she juggled so much with class and grace. To me, she seemed unstoppable and was a force to be reckoned with.
My deepest sympathies to Fran, Connie, Kent, Brett, Beth, her children, Phil and really, the entire family. I am so sorry for your loss.

“ *I met Kelly in kindergarten and she became my dearest friend through grade school. She would come to my home and we would explore the countryside on my ponies. I still treasure those memories. As we got older we grew apart and I am deeply saddened we never reconnected. It sounds like she grew into an amazing woman. I don't have words to ease your pain, but please know my thoughts and prayers are with each of you.*

“ I have known Kelly since she was born. She was the flower girl in my wedding. I grew up with her older sister Connie, one of my dearest friends. I was touched by her when she represented the Shuff family at my mother's funeral. She grew up to be a beautiful person, her life will be missed.

“ Kelly was one of the first friends I made when I moved to Atlanta. We became instant besties but as life goes, we lost touch for a couple of years. We recently reconnected and spent a wonderful evening in Indianapolis, just last December. After that night she sent me the sweetest text and asked ‘why did we ever let our friendship dwindle?’

We promised each other to keep in touch and we did. Kelly was a beautiful woman, inside and out, who never seemed to let anything get her down. She was a wonderful Mom, kind and generous and had this contagious laugh. May you all be comforted by the happy times you spent together. I know I will.

Rest In Peace Kelly, you are with your Lord and Savior now.

“ I will never forget are talks in the yard, and the time I was trying to figure out if the duck decoys were real or not and You had Phil scatter them in the yard and called me to help gather them before they flew away. But most of all I will never forget your smile that showed how much you cared and loved all of us. I was honored to call you my friend! Till we meet again! 💕💕💕. Kathy Raymond

“ *Went to school with Kelly and we was inseperable in grade school. We had lots of trips to the Dairy Queen on Etna Ave by pulling weeds for her father as kids. Many fond memories as she sat at the piano to practice before we could go out to play. She was a woman with many talents and seemed to enjoy life as it came at her. God will be waiting for her with open arms as she had hers open to all that passed through hers. Will be missed by many. Condolences to her children, Phil and family. I gave her a hard time about her ride on Reo and told her that should have at least held the rains. We laughed and she told me how Phil help her up on him. Wish we could have had more time together. I loved her! We'll do our best to look after Phil for you. George & Phyllis
