“ *This seems so unreal. Grandma, I know you're in a better place, but I wasn't ready to say goodbye. You hold all of my fondest memories. I have you to thank for the woman I am. You taught me respect and patience. You did all things with love and kindness. Your independence and determination flow through the veins of all of your children and great-grand children. I can hear your laughter and all of your stories ring in my ear with an overwhelming presence that only you could bring. You are greatly missed and deeply loved. Walk with Jesus and know one day we will meet again. I love you.*

“ *It is so sad that covid would keep us from being able to honor Lois, our beloved sister. We enjoyed so many special times with her traveling the US in our motor home. We loved having her visit us in Colorado. We always enjoyed her cooking! She made some wonderful dishes and Christmas cookies!. Thank you Lois for being such a remarkable person and being so full of love. You were very special and we will miss you!*

“ I will forever cherish the memories I have of you ❤️ Being the youngest with two older brothers just like you were you told me “we are the strongest out of our siblings and the better looking ones at that” “these boys don’t know what they created when they picked on us when we were younger but now they don’t even want to find out “ we laughed and that will always be a special time and memory I’ll keep in my heart forever ❤️ We love you and will miss you deeply! Until next time Aunt Lois 😭
