“ Sue and Allen,
I have such great memories of euchre club, your kind parents and your lovely farm. Thinking of those things and your mother made me smile. I'm sorry she is gone.
Best,
Jeannette Wilcox

“ Such a great lady! One of those wonderful people that I've known and respected for my entire life. My parents (and us kids) thought so much of her. Now one in the cloud of witnesses.

Sue and Allen, I am so sorry for your loss. Euchre club evenings were a blast for the children of our family, I still remember playing tag outside at Luella's house, trying to tag Sue. I remember Luella saying when the Urschel boys showed up she had to put her best china up high, and helping Glenn to rebuild a barn hit by a storm. Great memories that I will never forget.
