“ Doc,

So sorry for your loss. I have such fond memories of Aunt Maggy growing up as grandma would always bring me to visit with you both. I always enjoyed spending time with her and having fun on the farm or at the clinic. Her incredible cooking was always amazing and I could never get enough.

I remember walking the farm with her, feeding the goats and just enjoying the outdoors.

She will never be forgotten and her memory will live on through us all.

Aunt Maggy may you forever rest in eternal peace and watch over our families and friends. Love you both.

“ Doc,
I'm so sorry to hear of Aunt Margaret's passing. I have so many memories growing up with her taking care of me while mom worked (or slept). I know there were many mornings in my pajamas and blanket I'd leave my house and walk two doors away to her porch and knock on the door where she took me in and gave me breakfast. I believe it was through her I developed my love of cats and animals in general. I remember she always had a few little four legged creatures running around and to lick hands. Also, let's not forget how she could cook, yum, like a Shultz. Those Shultz girls knew how to cook.
And then there were days spent on your farm and what an adventure that was for me. Never forget it. I looked up to Aunt Margaret for her love of animals and her gardening skills.
My sincerest condolences to you.
Aunt Margaret rest in peace.
