“ I was so excited the day I found out that Matthew had decided to come to Trine University and that he chose to be a part of the Computer Science and Information Technology Department here. If you knew Matthew, you knew he was a top student and every one of the engineering departments wanted him! I was so proud to list him as a student and I know he would have done great things at Trine. My thoughts and prayers go out to his family and friends! Love and God Bless--Wendy Yagodinski, Department Chair of CSIT at Trine University

Matthew was so excited to come to Trine . Paula was at ease because you and Matthew hit it off right away. She felt like one of the reasons he chose Trine was because of You.

“ It was such an honor to have had Matthew in my freshman Honors English class. He was such an amazing young man with an inquisitive mind. He was quiet, but when I could get a smile or laugh out of him it was memorable. It was even more exciting to see him grow over his whole high school career and being able to see him also become involved with sports. My deepest sympathy and prayers go out to your whole family.

“ It's hard to put into just a few sentences all the great memories we have of Matthew. We were blessed to watch him grow up and be a part of his life. From the days of sharing his toys as a little boy with baby Nick and baby Mason, and a few years later taking turns with his cousins to try and sneak extra cookies downstairs at Thanksgiving to the times at July 4th when he would jump up and down when he or someone on his tennie ball team hit an automatic home run into the cornfield and later to watching tennis matches, pickle ball games and ping pong matches. He had the greatest smile and a laugh that was adorable. We love you Matthew and we will do our best to take care of your mom, dad and sister who love you so very much. We know you will be watching over them as well until the day you will be reunited.

“ I will always remember Matthew's sweet face in preschool. I was fortunate enough to teach him for two years. His love of trains permeated each day and he was so happy when it was free time so he could play with the Thomas the Tank Engine track. Every day when it was time to tell what he was thankful for, the answer was always "trains!"

“ Matthew what a joy to be your Aunt. You were such a kind and caring young man. Our family get togethers were so much fun. I loved coming to watch you play tennis. You boys were such a TEAM . We will miss your smirk and all the little kids will miss playing tennie ball with you. Mom and Dad watch over MATTHEW in heaven. 💜💛💛💜
