“ It's been so long so I might be misremembering, my apologies in advance. 🙏 I always enjoyed being in Mrs. Ulrich's class! She always made it fun, had a wonderful demeanor and disposition, I rarely if ever saw her get upset. She was always pleasant and shining bright like the sun. Matter of fact, she was SUNSHINE incarnate. She was one of the best that really made you wanna keep learning because she made it fun. The world will not be the same that's for sure. I was really Blessed to be in her class. All my Gratitude and Love to you Mrs. Ulrich❤️ Sorry this is so late. The world's loss and Heaven's Gain! Thanks for letting us watch movies sometimes. They were a nice break or pause from all the learning. However, as I said above you made learning so fun that the only reason why we needed a break or pause was because we just couldn't keep up with all that positive energy you sent us each and every single day! ✨🌟 A luminescent star that will never stop glowing. On earth you were limited in keeping up with us. But now, you can watch over All of Us from Above and see all your time and effort in action! 🙏😭 Thank You Again so so so so much!

“ Sad to read about the passing of your mother, Nan. She was always fun to be with and during our card games many years ago her humor provided many laughs. I'm thinking of you Elizabeth and Scott, and will keep you in my thoughts and prayers.
