“ This is so sad. Ol' buddy Nate, I am going to miss you dude. You weren't just my fave delivery order, you were also an awesome co-worker and also a great guy and friend. You always seemed so happy and excited to see me (and usually the pizzas also later on down the road lol) you were a great guy and I hope your family realizes that. To Nate's family, I am so sorry that you have to go through this loss. He was a goofball. Making fun of me losing my hair when he apparently went that way also when he worked along side me, cracking about hoping I got his pizza to him safely, and just being a fun loving jokester. To Nate, I hope you are at peace now and don't miss me too much up there in Heaven. Im gonna miss you down here though. I will make a little note that when my time is up I will bring you the biggest amount of wings and I will remember the sides again. You are the "special one" and someday we will meet again. I love you Nate.

“ I'm so sorry for the loss of Nathan. I remember growing up with him and Nettie, they was always so kind to Faith and I. We would laugh and joke and they would always talk to us. Nathan left such an impact on my life as a cousin that I named one of my boys after him. I'm saddened that I never got to thank him for always being so kind to us and even though he is a cousin, him and Nettie were great friends. 💕💕
