“ I remember meeting Phyllis many years ago when she came to live at the Roanoke Group Home where I was employed. Phyllis was special in many ways. I have so many memories she created over the years we were together. Because I worked overnight on the weekends for a few years, ha.. oh my the memories.... when she got up and came to me needing help in the middle of the night. I'd help her out, she'd go back to bed and be asleep in a flash... me.. ugh... sometimes I got back to sleep, other times I didn't and by the Grace of God managed to make it through the day shift until it was time to go to bed that night I was there to teach her but she taught me a lot too. I did get to visit her after she moved and saw her out and about with staff in the community a few times. She's in Heaven now, completely whole in the loving arms of Jesus. Love you Phyllis!
