“ *Bob was a great guy, strong in many aspects. He was like a dad to Dave and I. As I look at his picture, this was his happy picture, when he got upset with us, he didn't yell at us, he just had this look, and you knew you had just made a big mistake and you better right it quickly and not do it again. He was such a great mentor for both Dave and I. I have never forgot the impact he had on my life, and often thought of him and how grateful I was to him.*
