“ Judy Jackson here. I met Rose when we both worked at Wendys. She helped me to learn what i needed to know with very much kindness. It seems like such a small things but ut was s huge thing to me especially her smiling face and always great attitude. Shes still such a Blessing to me . I will always have such great memories of her. Love you bunches Rose. You were such an amazing Mommy, you kids and Mike were very lucky to have you, even if it was only for just as little while. I know God has amazing plans for you in Heaven and i pray your family will always know their value to you and to God. It is awesome that God chose them to get the gift of personal time with you. CHEERS to you my friend, i imagine you are already helping others joyfully and that you are healthy and running about with all the others, esp kids, playing and once again and laughing. Thank you for giving my heart the gift of knowing you.

Judy, I was reading these again Amer I wanted typo tell you that I appreciate your kind words of my daughter, Rose. That makes me smile just hearing from someone that she had reached out to and helped them out in any way that she could. That's just the kind of person that she was!

“ *I have known Rose since we went to church together. I then got to become a part of her family when her mom fostered me. I have always considered her my sister and I'm proud that I got to meet her, become friends and become part of her family and to call her my sister. Rose was a wonderful person and someone I could always talk to about anything. I love you Rose. May you Rest In Peace.*

“ I was one of rose's caretakers at Oakbrook village..one of many memory's I have is when she didn't like the look of our gate belts and asked me if she could put some bling bling on it. And I said if only she would write what she expected out of me and Oakbrook. She wrote ' caring,sharing,friendly, helping others and ❤️ love. I still wear it and will always cherish it!
