“ My heart felt sorrow goes out to Sara's family and friends. We went to school together for 12 years and during that time I can't ever remember her making a negative comment about anyone or doing anything to hurt someone. I pulled her pig tails in the second grade and she ask me to stop or she would tell the teacher. I didn't and she did. She always wore a warm friendly smile that made me think that she was up to something but there was nothing but kindness behind that smile. Years later I ran into Sara on a cold, snowy and windy day and she was helping out the Salvation Army. We talked for the longest time just like it was the middle of summer. In the 90's our paths crossed again. She had some health issues over the years. Like the time we almost lost her in a sledding accident, there was other serious issues but she never let on. Her kindness always came first. Sara, you are and will be missed forever.

“ Oh Sara, I've just learned of your passing. You became my best friend when we moved to Union Township when we were in 1st grade. We went to school together thru 7th grade then kept in touch thru letters and occasional visits thru the years until your move to New York. I have such special memories of you and your family. And the cows! I was so afraid of them in the beginning. We rode on the hay wagon when Ken and John were bailing or sat in the wagon of oats then they were harvesting. We rode along on the tractor as your brothers gathered the buckets of sap from the trees and then turned that into maple syrup. I think it was called Ken-Jo-Dale or something like that. Your Mom graduated from Huntington High with my uncle Casper Borst. They last saw each other at their 50th class reunion. I am sad that I won't see you at our 50th class reunion in a few years from now. Thank you Archie for letting me know.

“ I just heard of Sara's passing. My sympathy to the family. I went to West Union with Sara through my freshman year, then I had to move. Sara was good hearted and quiet--a sweet person. I remember her home down by the river.

Sara and I went to school at Union from 1st to 11th grade, then on to HCCHS for our Senior year. We didn't see each other often after that, but I considered Sara a treasured friend.

“ Sara and I graduated high school together in 1967. Since we were both Bakers (no relation) we were seated next to each other at graduation exercises. I remember Sara as being soft-spoken, gentle-mannered, and kind.
