“ Suzie and I worked together for several years at Majestic in the same Department (3) building the biggest fireplaces we sold at the time. She was a joy to work with and she always called me her at work husband. She shared stories about our kids and how proud we we're of them. When it was hot out she would have little snack zip lock baggies filled with ice , she called them her hooter packs .she will greatly missed , I send my condolences due to having prior commitment that I won't be able to attend the viewing. To you the family my heart is broken 💔 for you all , I am so sorry for your loss. God Bless
