“ *Well Vi....it has been a pleasure having you in my life!!! You will definitely be missed but i understand that you are tired. But I will miss your humor as well as your beautiful smile. That smile would light up a room!*
To the family left behind...she loved you all. Cherish all her memories and she will never be farther than your heart. May God be with you as you adjust to life without her.
I love you all.

“ *I am so very sorry to read about the passing of Violet. My mother is also at the nursing home and on occasions I would talk to her. She loved her grandchildren, great grandchildren, and her great great grandchildren very much. She would sometimes invite you to look at picture she had on the table. Some days she was fiesty and other days she would tell me that she loved chocolate and flowers. My deepest sympathies to her family.*
